livehub

a community to create for live

livehub is based on the idea that people work best when they are together.

We create moments that inspire thousands, but we often need a place where we can be ourselves and work freely, without long journeys or time apart. A place for us.

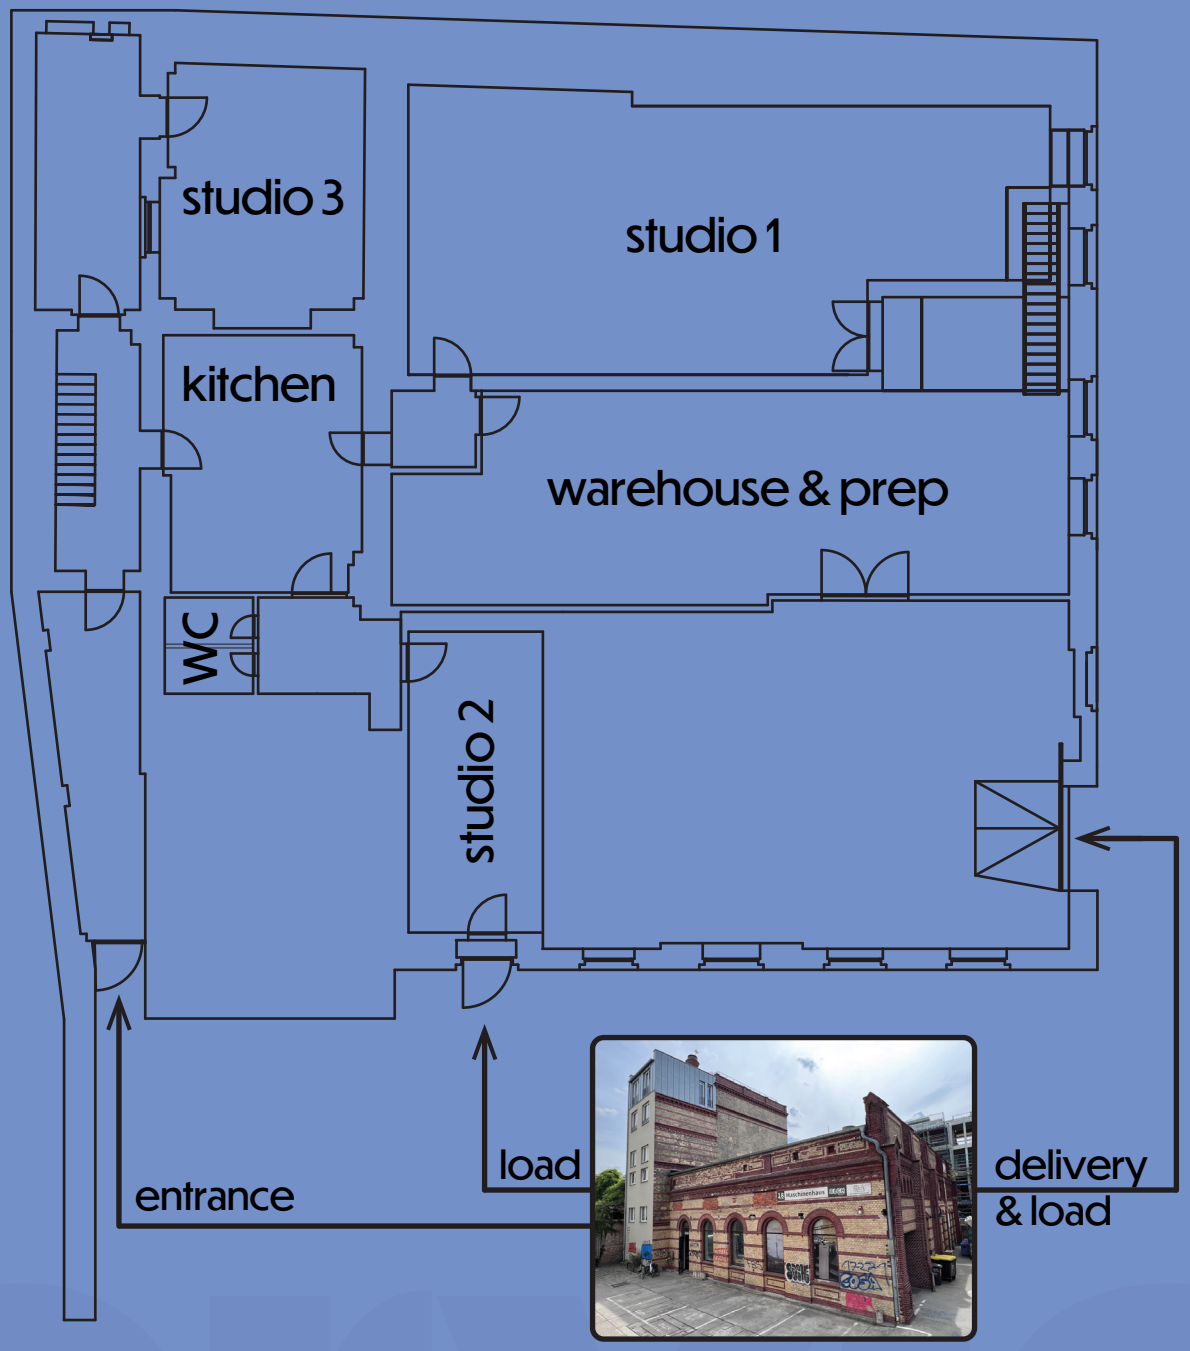
With ***livehub studios***, we created a space for rehearsals and show preparation. Since 2025, it has been a place where you can be loud while still being just around the corner from everything Berlin has to offer.

In 2026, we expanded our space with ***livehub coworking***, giving the people behind the scenes a desk to do their work.

This is the foundation of our ***livehub community***: bringing people together to create for live.

overview

a complete look at livehub



With natural light and optimized acoustics this studio is perfect for musical rehearsals for bigger bands or small tour productions.

The space also works as a dance rehearsal studio, for workshops, live sessions or coachings.

All of our studios are ground level for easy loading.

studio 1

the heart of our space

studio 2

the fine one

studio 2 is our versatile 25sqm room.
With the ability to connect studio 2 to studio 1, it can also be used as a separte FOH or drum room.
But even if you use studio 2 alone it fits an entire band with audio setup.

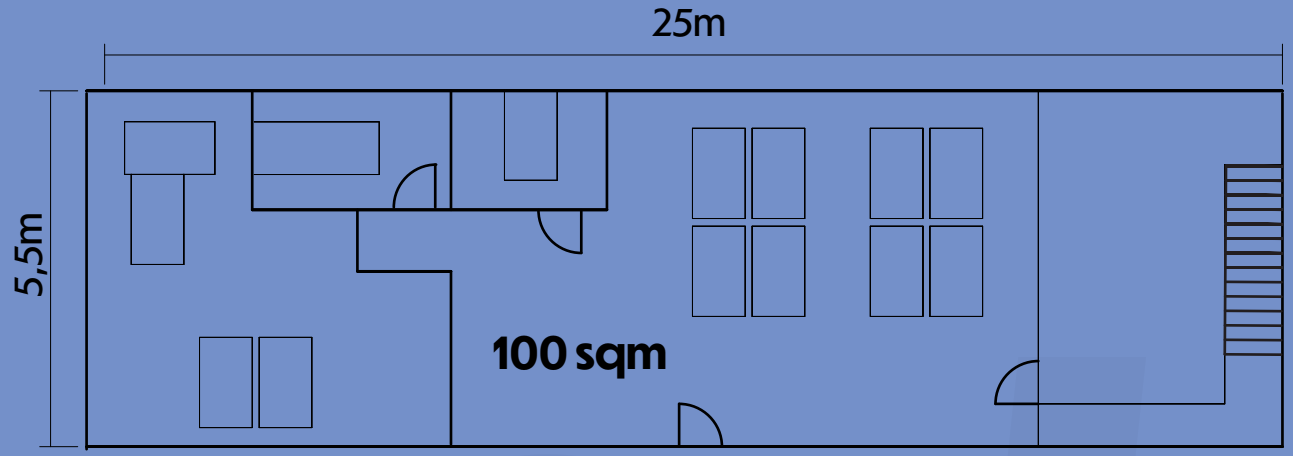
ready to produce

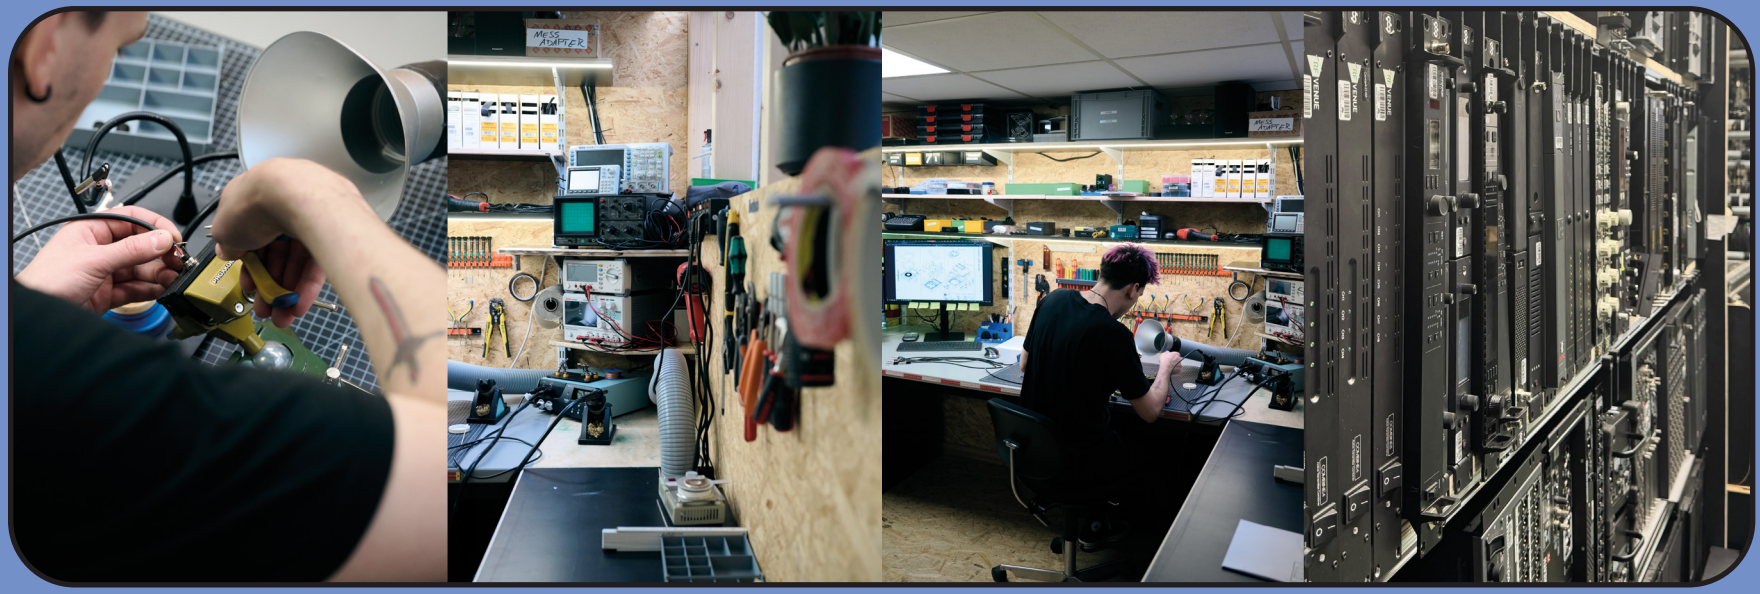
coworking

where it all comes together

livehub coworking is located on the first floor of the building.
It features 8 flex desks, 2 meetings rooms, a kitchen with a big table and 2 separate toilets.

Artists management, tour- and production managment, booking or light and stage design.
livehub coworking is where Berlins music industry creatives come together, work and connect.





With our in-house workshop we can offer quick equipment repair, custom rack, panel and cabeling. A broken CDJ or spring reverb during reheasal - we can fix that.

Our partner “Pratersound”, who we share the building with, can provide a wide range of audio & lighting equipement .

workshop & rental

the perfect addition

how to get to us

right in the middle

Located in the heart of the city, between Mitte and Prenzlauer Berg, we are in walking distance to great restaurants, cafés and bars, hotels and venues.

We share our courtyard with the delivery area of a local REWE supermarket.
This means we can accommodate not only vans, but also nightliners with trailers and trucks weighing up to 40 tonnes.

As the site is shared with other tenants, loading, unloading and parking are restricted to certain times, although evenings are usually not an issue.
